

Richard Taylor

Senior Web Developer

I am a professional front-end web developer with over 20 years experience. I am seeking a full-time position that will allow me to apply and challenge my web design and coding skills. My goal is to deliver scalable web solutions that exceed expectations. Thank you for your time and consideration.

RELEVANT WORK EXPERIENCE

Director of Research, Development and IT Hard To Find Party Supplies

04/2012 - Present

hardtofindpartysupplies.com

Achievements/Tasks

- Developed, maintained, and upgraded multiple e-commerce websites containing over 1,800 categories and 37,000 products.
- Used HTML, CSS, JavaScript, Bootstrap, PHP and MySQL to design and create a dynamic website.
- Developed extensions for the OpenCart platform which are offered on the official OpenCart Marketplace.
- Used SEO, SEM, Google tools, competitor research, print material and social media to boost search engine rankings, website exposure and user experience.
- Set up APIs to link inventory and sales to other online marketplaces such as Amazon, eBay, and Walmart, as well as shipping platforms like ShipStation and Stamps.com.
- Developed an employee friendly admin to help other departments easily add/remove products and categories, manage orders, link products to other marketplaces, etc.
- Used modern web standards to keep the website current, responsive, accessible and easy to navigate.
- Managed and maintained our VPS, domain names, SSL certificates, emails, backups and web security.

Senior Web Developer / IT Jennifer J. Sherwood Law

04/2012 - Present

jsherwoodlaw.com

Achievements/Tasks

- Created a dynamic law office website for Attorney Jennifer J. Sherwood which allows clients to set dates for phone or in-person consultations which sync directly with a Google Calendar.
- Managed and maintained office technology, including network modems, access points, switches, computers, and printers.

Web Developer / Graphic Artist / VFX Imaginette

08/2001 - Present

Myfreelancewebsite.imaginette.com

Achievements/Tasks

- Developed professional looking websites, logos, and branding for local and national businesses.
- Created sites using platforms such as WordPress, OpenCart, simple flex, Nicepage and original code.
- Worked on multiple, time-sensitive websites at the same time, requiring me to properly manage my time to meet deadlines.
- Communicated regularly with clients to discuss design, progress, and pricing.
